

3 Line LED Flag Display

3 Line LED Flag Display

Ferrograph's LED Flag Bus Stop Display has been specifically designed to be mounted to a bus stop pole. This display can be used as a smaller alternative to the shelter mounted displays where available space is a premium.

Key Product Features

- 3 line x 15 characters wide.
- 30mm capital character height.
- Font constructed in line with latest DDA and RTIG requirements.
- Amber ultra-bright LEDs allow daylight viewing.
- Compact enclosure allows external bus stop pole mounting.
- The IP65/IPK7 rated enclosure provides protection against both the weather and occasional vandalism.
- Optional cold weather protection with integrated fans and heater.
- Retrofit to existing flag posts is possible via bespoke mounting kit.
- Compatible with the Trueform Elite and other post systems.
- Optional sun hood for tough light conditions.
- Dimensions: Approx 464mm(w) x 601mm(h) x 90mm(d).
- Graphics: In-house signage graphics department can produce tailor made full colour vinyl flag graphics to suit customer requirements.
