

## Countdown LED Flag

Ferrograph's LED Countdown Flag Bus Stop Display has been specifically designed to be mounted to the trueform Elite range of bus stop posts. This display can be used as a smaller alternative to the shelter mounted displays where available space is a premium.

### Key Product Features

- 3, 6, 9 and 12 service options.
- 30mm capital character height.
- Font constructed in line with latest DDA and RTIG requirements.
- Amber ultra-bright LEDs allow daylight viewing.
- Compact enclosure allows external bus stop pole mounting.
- The IP65 rated enclosure provides protection against both the weather and occasional vandalism.
- Optional cold weather protection with integrated fans and heater.
- Retrofit to existing flag posts is possible via custom mounting kit.
- Compatible with the Trueform Elite and other post systems.
- Optional sun hood for tough light conditions.
- Dimensions: Approx 470mm(w) x 1008mm(h) x 80mm(d).
- Graphics: In-house signage graphics department can produce tailor made full colour vinyl flag graphics to suit customer requirements.
