

Single Sided Matrix Flag

Single Sided Matrix Flag

The LED Flag Bus Stop Display is available in full matrix formats of 64 x 128 pixels or 32 x 128 pixels. With a fully flexible display layout they provide up to 6 lines of 27mm high text with a minimum of 21 characters per line. This display can be used as a smaller alternative to the shelter mounted displays when space is at a premium.

Key Product Features

- Full Matrix flexible display format giving 6 lines x 24 characters or 3 line x 24 characters.
